

## **IMPORTANT NOTE**

The information in the courses is based on the most current research available to FNNBOA and has been reviewed by housing industry experts. Readers are advised to evaluate the information, materials, and techniques carefully and to consult appropriate professional resources to determine courses of action suitable for their situations. The figures and text are intended as general practice guides only. Project and site-specific factors of climate, cost, geotechnical conditions, design, and architecture must be taken into consideration. Any photographs in the documents are for illustration purposes only and may not necessarily represent currently accepted standards. Electronic reproduction of content or this publication is made available for information only and is not an official version of the document.

Individuals who download these documents do so at their own risk. FNNBOA will not be responsible for any damage to your computer or any of the information on it.

The documents, or any discrete portion of this document (such as a chapter or section) may be reproduced for redistribution, without obtaining the permission of FNNBOA, provided that no changes whatsoever (including translation) are made to the text; that the entire document or discrete part is reproduced; that this copyright notice is included in its entirety in any and all copies of the document or any discrete part of the document; and that no use is made of any part of the document, or the name or logo of the owner of the copyright to endorse or promote any product or service. For any use of this document other than reproduction or for the general reference purposes as set out above, please contact: First Nations National Building Officers Association at [info@fnnboa.ca](mailto:info@fnnboa.ca). For permission, please provide FNNBOA with the following information: Publication's name, year, and date of issue.
